ançais (French edition) [chapter1] [unreadable] today I'd like to tell you about a legendary affair between two unconventional and visionary people...harry potter has not only taught us to read but to dream of a magical world...I am not writing this from France, but Germany, from a little village in the Bavarian Alps... There, people are more reluctant to indulge the typical romantic passion for the arts but we should remember that one of the roots of our culture goes back to the Bavarian Alps region. The German book has been a source of inspiration to us all, to the French, Germans, British, Americans, and...even Russians... The secret of the German book [kurzgefaß] (short story)...almost similar to today's short stories, is the composition of the typographical pages, and this allows you to enjoy a certain level of art in your everyday life...the book is the soul of the company...its fame will last in the world for ever... The power of the German book is that it seems to have a natural rhythm. It

is not totally synthetic, but it is something from nature. It takes the reader into an independent and free world where he can be indifferent to other realities, indifferent to time, indifferent to the human species. This is how the writer is reborn: the book represents a new life, because it is the means by which one is able to experience the world, to satisfy his tastes, to see the world, the people, and to experience them again. This book expresses a natural instinct, a subjectivity, and a style, as if it had come from the soul. ... The German book is a book that 'makes us live' as people say, and this is because it is the principal means of education. ...
